Your insurance product involves four possible companies performing different functions:

The Insurance Broker	This company acts as the intermediary between the insurer and you; represents you in your dealings with the insurer; and provides you with advice where applicable.
The Insurer	This is the insurance company that receives your premiums; underwrites your risk; and is liable for valid claims incurred in terms of your policy.
The Binder Holder and/or the Administrator	This company “binds” various aspects of your policy and potential claims on behalf of your insurer, within mandates (for example: entering into policies on the insurer’s behalf, and where relevant, also settles claims on the insurer’s behalf.
The Underwriting Manager (UMA)	The UMA performs binder functions and other services on behalf of an insurer. The UMA is mandated to enter into, vary and renew policies as well as determining policy benefits, policy wordings and premiums and settling claims on Hollard’s behalf.

The details of these companies and what they do is set out below.
