

# Travel insurance tips from Hollard Travel

Travel insurance is no longer a luxury; it's a necessity. Whether you're planning to scuba dive in Mauritius or hitting the slopes in France, Hollard Travel Insurance is committed to ensuring that our customers have the coverage they need to navigate their journeys with confidence.

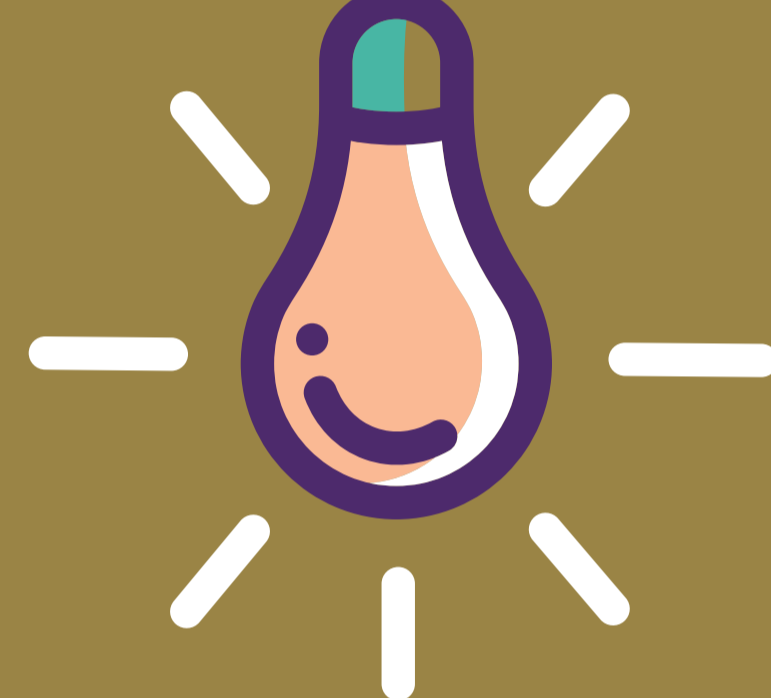

## Prepare for the Unpredictable: Because Travel Should Be a Roller Coaster, Not a Train Ride!

Life is full of surprises, and so is travel. From sudden cancellations to surprise weather tantrums, we've seen it all. Understand that travel insurance is not just for your luggage; it's for your sanity too!

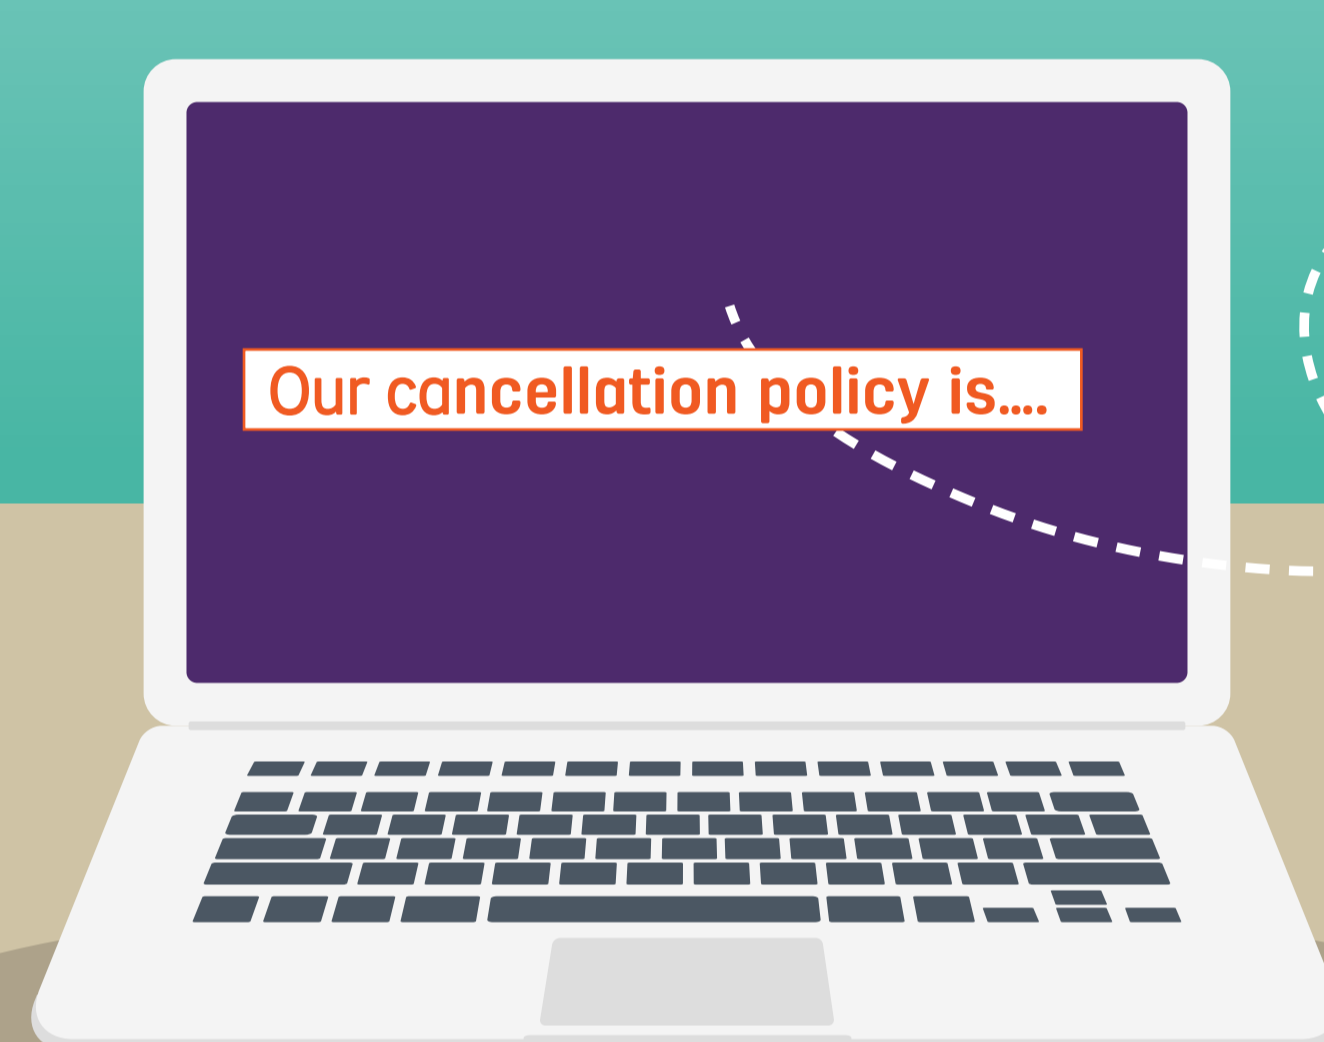

## Don't Get Caught Unprepared

Always ask for a cancellation letter – a confirmation letter outlining the airline's cancellation policies!

**Tip:**

Always cancel flights and accommodation before your date of departure. Airlines must refund certain government/airport taxes even if the airline claims to have a 100% cancellation fee!

## Check for cancel for any reason coverage

Life is too short for rigid plans. That's why we offer the 'Cancel for Any Reason' feature. Feel like canceling just because? Go for it! You can cancel up to two days before your grand adventure.

**Tip:**

The Hollard Travel "Cancel for Any Reason" benefit is effective 15 days after policy issue date. Make sure you qualify for the cover and buy your policy as soon as you plan your trip.

## Take proactive measures to minimize the risk of baggage loss

**Use a lock:** preferably a TSA lock, to prevent unauthorized access and discourage potential mishandling during transit.

**Make it Distinctive:** Make your luggage easily recognizable by adding distinct markers such as ribbons, stickers, or unique identifiers. This helps reduce the chances of someone mistakenly taking your bag.

Lock all your valuables, small items, and expensive jewelry away in your hotel's wall-mounted safe, and keep expensive belongings out of view, inside a locked car boot.

## Activate International Roaming

Before embarking on your international adventure, contact your mobile service provider to activate international roaming. This ensures that you can call us in case of emergency without any hiccups. Keep in mind that roaming charges may apply, so inquire about your provider's international plans to avoid any surprises on your phone bill.

## Don't Solely Rely on Free Medical Cover

Free medical cover has limitations and only covers medical. Having an additional layer of protection ensures you're adequately prepared for unexpected medical expenses during your journey. Buy top-up cover to make sure you are covered for all the other benefits such as cancellation, baggage, and flight delays.
